Acrodermatitis chronica atrophicans: See Atrophia
continuous suppurative (Hallopeau) 602
perstans 218
Actinomycosis 520
Adenocarcinoma, chemotherapeutic experiments with coal-tar dyes on spontaneous mouse tumors 204
Adenomas, multiple sebaceous, disseminated over entire body excepting face 340
papillary, of sweat glands 298
sebaceum, symmetrical, of face, with multiple epithelial growths; familial and hereditary case 341
syringocystadenoma; case 339
Albinism: See Leukoderma
Allergy, hypersensitiveness and hyposensitiveness in 346
Allonal eruption 511
Alopecia generalisata in syphilitic negro 235
universalis 78
with development of curly hair following treatment with Alpine light 723
Amebiasis and photodermatitis 103
Amidopyrine, action of, on genitals 209
Aneurysm, of right axillary artery 492
Angiokeratoma Mibelli 489
Angioma: See also Hemangioma
angioma 88
cryotherapy in treatment of 344
extensive cavernous 506
multiple (?); case for diagnosis 629
multiple; case showing results of therapy of scalp cured by radium, with return of hair 635
Anthrax, malignant pustule 507
Aortitis, syphilitic 601
Arsenic: See also Arsphenamine
dermatitis and psoriasis 516
dermatitis; case for diagnosis 350
eczema, treatment 331
keratosis palmaris (arsenical) 506

Arsphenamine, arsenic lesions of skin *186
dermatitis 495
dermatitis pigmentation, following syphilitic treatment with 90
dermatosis 214
detoxicated 209
early arsenical reactions treated with eosinate of cesium 600
erythema of ninth day in course of intravenous treatment with neoarsphenamine 334
fixed arsenical pigmentation? (malignant melanosis?) 97
lichenoid eruption after injections of .. 66
nitritoid crises cured by mercury cyanide; infectious urticaria 602
purpura following sulpharsphenamine in cardiorenal case; polyintolerance to antisyphilitic drugs 342
purpura hemorrhagica following sulpharsphenamine; case *194
repeated facial edema following neoarsphenamine 343
therapy: See also under Lupus, erythematosus
therapy 209
Ascaridiasis and dermatosis 70
Asthenia, chronic, and syphilis 599
Atrophia, acrodermatitis chronica atrophicans 518, 745
acrodermatitis chronica atrophicans (calcification of skin) 96
acrodermatitis chronica atrophicans (Herxheimer-Pick), with tumors 603
acrodermatitis chronica atrophicans with healed squamous cell epithelioma 230
case for diagnosis; atrophy of skin (?) .. 369
idiopathic, and scleroderma 369
macular, of syphilitic origin 331
sclerodactylia and 353
Autohemotherapy: See Hemotherapy
